

## NPPC Airport Guide

The NPPC Airport Guide identifies the airports which require NPPC approval. This is not an exhaustive list; if the airport you wish to arrive at or depart from is not listed, NPPC approval is required.

Some airports only require NPPC approval if the total amount of travellers on board the aircraft is greater than ten (10). Travellers include both crew members and passengers.

More information on the NPPC can be located at <https://www.border.gov.au/Trav/Ente/Avia/Aviation>
