

Approved Form paragraphs 114(3)(c) and 162AA(3)(a) of the *Customs Act 1901*.

Complete this form using a pen and BLOCK LETTERS.

Complete one of these pages for each commodity

Page of pages

Line details			
1. Line number	2. Commodity Classification code (AHECC)	3. Your reference	
4. Goods description			
5. Goods origin code	6. Goods origin country code	7. Temporary import number	
8. Net quantity – a) Amount	b) Unit	9. Gross weight – a) Amount	b) Unit
10. Line FOB value			

Permit details	
11. Permit details – Permit prefix	Permit number

Assay details		
12. Assay details – a) Assay element	b) Assay concentration	c) Assay unit

Declaration	
Signature	Date / /

Notes for completing an *Export declaration supplementary page*

1. Line number (mandatory)

A supplementary page must be completed for each separate commodity as identified by the AHECC code (see Item 2).

2. Commodity Classification (mandatory)

Australian Harmonized Export Commodity Classification (AHECC) code is a statistical classification for the particular commodity being exported. This code may be obtained from the Australian Border Force (ABF) or the Australian Bureau of Statistics.

3. Your reference (mandatory)

This reference must be the same as form B957 *Export declaration* (header page, Item 3).

4. Goods description (mandatory)

Invoice or commercial description of the goods.

5. Goods origin code (mandatory)

The code used to identify the Australian (or foreign) state of origin of goods, as listed below:

NSW: AU-NS

TAS: AU-TS

VIC: AU-VI

NT: AU-NT

QLD: AU-QL

ACT: AU-CT

SA: AU-SA

WA: AU-WA

FOREIGN: YY-FO

6. Goods origin country code (mandatory if 'Item 5. Goods origin code' is 'Foreign')

The name of the primary country where the goods were manufactured or produced.

7. Temporary import number (mandatory if the AHECC is for the export of goods originally imported on a temporary basis)

A number or code that identifies goods described by section 68(1)(j) of the *Customs Act 1901*.

8. Net quantity (mandatory)

The net quantity of goods is described in terms of the units prescribed in the AHECC (e.g. KG, T, NO). If the unit prescribed by the AHECC is 'NR', the quantity details are not required, but 'NR' must be shown in the units box. Net quantity should not include the weight of any additional packaging.

9. Gross weight (mandatory)

The gross weight is, in effect, the shipping weight of the goods. It should include the weight of any immediate packaging but not the weight of the container. Show weight in grams (G), kilograms (KG) or tonnes (T).

10. Line FOB value

The free on board (FOB) value of the goods quoted on this export declaration line, including all costs incidental to the sale and delivery of the goods on to the exporting vessel/aircraft. No discount given is to be deducted from the true value of the goods. The FOB value should be expressed to the nearest dollar. It should be noted that FOB does not include overseas freight and insurance.

The FOB values of samples must be shown as the market value of the goods as if they were for sale.

The combined FOB value of the lines must equal the 'Total FOB value' on form B957 *Export declaration* (header page, Item 27).

11. Permit details (Prefix / Permit number)

A wide range of goods are prohibited from exportation unless an export permit is obtained from the appropriate agency. Details of export restrictions are contained in various Commonwealth laws and are outlined in the ABF Export Control Manual Volume 12. Further advice can be obtained from your legal adviser, Customs Agent, etc, or the ABF. Input the permit number given by the relevant permit issuing authority. Each permit issuing authority has its own permit prefix. The correct prefix must be included for all permits.

12. Assay details (Element / Concentration / Unit)

A chemical test to determine the content of a particular element. Only input details if goods are minerals requiring an assay. See the AHECC for more information regarding this item.

Element	Symbol	Unit description
Gold	AU	GPT (Grams per Tonne)
Silver	AG	GPT (Grams per Tonne)
Copper	CU	PER (Percentage)
Lead	PB	PER (Percentage)
Platinum	PT	PER (Percentage)
Nickel	NI	PER (Percentage)
Tin	SN	PER (Percentage)
Tungsten	WO	PER (Percentage)
Zinc	ZN	PER (Percentage)

Declaration

Declarations at the bottom of both this form B957a *Export declaration supplementary pages* (supplementary pages) and form B957 *Export declaration* (header page) must be completed fully and correctly, signed and dated.
