

AUSTRALIAN CUSTOMS NOTICE NO. 2010/38

Indexation of certain customs and excise duty rates – August 2010

The Australian Bureau of Statistics released the June Quarter 2010 Consumer Price Index (CPI) figures on 28 July 2010. In accordance with the indexation provisions in section 19 of the *Customs Tariff Act 1995* and section 6A of the *Excise Tariff Act 1921*, the rates of customs and excise duties on certain spirits, beer and tobacco will increase on 2 August 2010. The new rates are set out in tables 1 to 6 of this Notice.

The new rates of customs and excise duty listed in those tables are calculated by multiplying the previous rates by an indexation factor. The indexation factor is calculated by dividing the most recent CPI number, that is, the June Quarter 2010 number, by the previous highest December or June Quarter number occurring after December 1983. Accordingly, the June 2010 index number (172.1) has been divided by the December 2009 index number (169.5) to establish an indexation factor of 1.015. As this factor is more than one, rates of customs and excise duty have been increased by the application of this factor.

Customs and Border Protection has arranged for the publication of a Notice of Substituted Rates of Customs Duty (Notice (No. 2) 2010) in Commonwealth Gazette GN 30 on Wednesday 4 August 2010.

You should direct any inquiries concerning these matters to the following contacts:

for customs duty rates
