From 27 October 2018 the *Customs (Prohibited Imports) Regulations 1956* (PI Regulations) and the *Customs (Prohibited Exports) Regulations 1958* (PE Regulations) will be updated to:

- ensure Australia's continuing compliance with international treaties on narcotic drugs, including the United Nations Commission on Narcotic Drugs; and

General information about importing and exporting prohibited goods can be found on the Department's website (see: [www.homeaffairs.gov.au](http://www.homeaffairs.gov.au)).
