

Australian Customs Notice

No. 2021/30

Indexation of customs duty rates on excise-equivalent goods on 2 August 2021

This notice sets out the new customs duty rates for certain excise-equivalent goods, including spirits, beers and fuel products, operative from 2 August 2021.

Section 19 of the *Customs Tariff Act 1995* (Customs Tariff Act) provides for customs duty rates for certain excise-equivalent goods to be indexed biannually, in February and August, to the Consumer Price Index (CPI).

The new rates are determined by the application of an indexation factor. This indexation factor is calculated by dividing the most recent June or December Quarter CPI number by the previous highest June or December Quarter CPI number occurring after the June 1983 Quarter. The December 2020 Quarter CPI figure (117.2) will be used to determine the indexation factor for the duty rate increase applied on 2 August 2021, as it is higher than the previously used December 2019 Quarter CPI figure (refer to ACN 2021/06).

On 28 July 2021, the Australian Bureau of Statistics released the June 2021 Quarter CPI figure (118.8).

The figures used to calculate the indexation factor for August 2021 are set out in the table below:

Most recent CPI number	Highest previous June or December Quarter	Indexation Factor
June Quarter 2021	December Quarter 2020	
118.8	117.2	1.014

As the indexation factor for August 2021 (1.014) is greater than one, customs duty rates for certain excise-equivalent goods, in Schedule 3 of the Customs Tariff, will increase by the application of this factor.

The rates of customs duty for excise-equivalent goods, operative from 2 August 2021, are set out in Table 1 below and supersede the rates outlined in Australian Customs Notice 2021/06.

The rates referenced above also apply to goods subject to indexation in:

- Schedule 4A (Singaporean originating goods)
- Schedule 5 (US originating goods)
- Schedule 6 (Thai originating goods)
- Schedule 6A (Peruvian originating goods)

- Schedule 7 (Chilean originating goods)
- Schedule 8 (ASEAN-Australia-New Zealand originating goods)
- Schedule 8A (Pacific Island originating goods)
- Schedule 8B (Trans-Pacific Partnership originating goods)
- Schedule 9 (Malaysian originating goods)
- Schedule 9A (Indonesian originating goods)
- Schedule 10 (Korean originating goods)
- Schedule 11 (Japanese originating goods)
- Schedule 12 (Chinese originating goods), and
- Schedule 13 (Hong Kong originating goods) in the Customs Tariff Act.

The Australian Border Force (ABF) will arrange for the publication of a *Notice of Substituted Rates of Customs Duty for Excise-Equivalent Goods (No.2) 2021* in the Gazette.

The Australian Taxation Office (ATO) will make equivalent changes to the rates of duty on goods subject to excise. Further information can be found on the ATO website via the following links:
