# Australian Customs Notice No. 2022/41

## Increase in rate of customs duty for certain fuels

The rate of customs duty for certain fuels will increase on 29 September 2022. Goods that are entered for home consumption on or after this date, or have been imported before this date, where the time for working out the rate of customs duty will occur on or after this date, will be required to pay the new customs duty rates listed in the table below.

The *Customs Tariff Amendment (Cost of Living Support) Act 2022* provided for a temporary 50 per cent reduction in the excise-equivalent customs duty of certain fuels from 30 March 2022. The increase in these duty rates is a result of the end of this measure. Please see [ACN 2022/17](#) for further information.

### Classifications and duty rates
